

**A leading manufacturer of adhesives, sealants and photopolymers**

## Chemence Updates

### Dear Customer

#### Chemence "Open Day" 16th September

Chemence are holding an open day on the 16th September and invite you and your colleagues to take this opportunity to visit our offices and production site, meet the team, meet your personal account managers and discuss how Chemence can help with your success.

#### Everyone is welcome!

Whether you want to discuss a new project or just drop in for a chat, we will be happy to see you, and of course the coffee is free! :-)

Please RSVP by 30th August so we can ensure your personal account manager is on hand to meet

you upon your arrival

[Click here to register for the "Open Day"](#)

### Introducing "Krylex" the premier brand from Chemence.

#### The Professional Range, Adhesives & Sealants for Industry

The Krylex range is built on the established and trusted range of Cyanoacrylate and Anaerobic products manufactured by Chemence.
